Can I transfer a VIOSO Anyblend license from one PC to another PC?

Yes - if you used the online activation procedure you can transfer your license from one pc to another pc

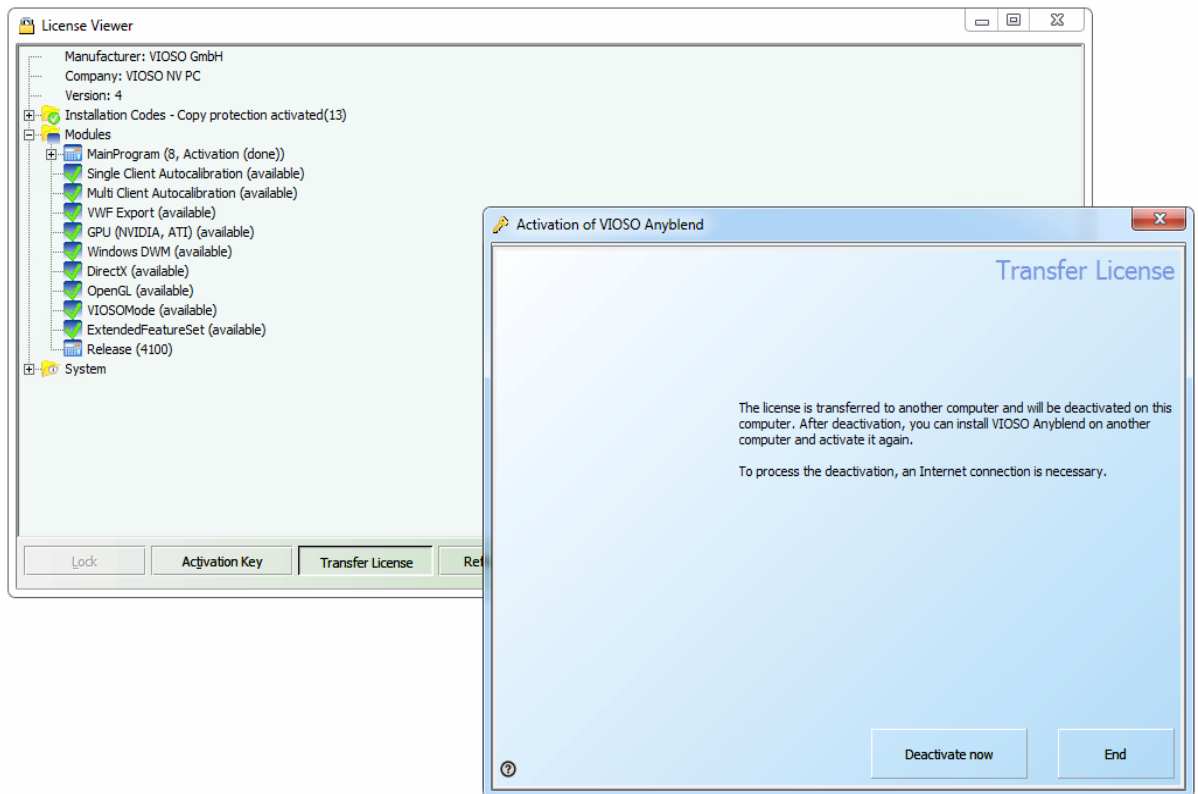

License transfer allows migrating, for no additional charge, with an existing license from the currently used pc to another.

First, open the License Viewer (click on the "License Info" link on the main window of VIOSO Anyblend)

The licence viewer dialog opens. Click "Transfer License" and the procedure to transfer the license starts. Please make sure you are connected to the internet at

this stage.

If you press “Deactivate now” your current activation will be cancelled so you can use your serial number again on this or another server. Please note, that the pc uses your internet connection to perform the deactivation, so please confirm any firewall messages if such occur.

IMPORTANT! LICENSE TRANSFER OPTION WILL BE ONLY AVAILABLE IF THE LICENSE WAS INITIALLY ACTIVATED USING “ONLINE ACTIVATION”. IF IT WAS ACTIVATED VIA E-MAIL OR FAX AND YOU STILL NEED TO TRANSFER YOUR LICENSE – PLEASE CONTACT US.
